NOTICE

After November first, the Signal will not carry any advertisements for less than ten (10) cents per inch. We are not carrying anything but local advertising now for five (5). We send similar advertising matter to papers in adjoining counties and none of them handle it for less than fifteen (15) cents. Some of them charge twenty (20). Every thing that we use in putting out a paper, costs us more today than it ever cost before. Every thing that we buy from our advertisers, costs us more than the same article cost in the past. The five (5) rate belongs to the past. Ask E. S. Albright whether paper can advertise for five cents and stay in the business or not.

County School Fair

Mr. Vernon has had no day that was more prophetic of bigger and better things for Rockcastle county than was Saturday October 18. We had expected the attendance to be good; the display to be interesting and over expectations were surpassed in each of these.

The exact number present is not known, but many schools were represented. Early in the morning the schools began to come in. As they drove thru town with their banners flying, singing their school songs and giving their school yells, the spirit of the occasion became contagious. The old fellows along the sidewalks became young in spirit. It is estimated that two thousand people were on the school grounds when the parade started. More than a thousand were in the parade.

The exhibits were very good indeed. The agricultural exhibit was said by many to be the best ever seen in Rockcastle county. Some said that it was as good as anything, in the same entries, that they saw at the State Fair. The rural exhibits indicates a rapid development of farm products in the county. The quality of these farm products was very complimentary to the work of Mr. R. F. Spence in this county. These products came from sections where he has done much work. Many of the farmers present were very generous in their praise of Mr. Spence's untiring efforts to help our farmers to get more for their work, and to find greater pleasure in it.

The spirit of competition for the prizes offered was fine. In the guessing contest on the number of grains of wheat and beans in a bottle, the Council of Defense offered ten dollars in prizes. The first, of five dollars, went to Other Hamlin, of Mt. Vernon; the second, of three dollars, to Ellen Parsons, of Green Hill; the third of two dollars, to Eula McHargue, of Pine Hill. There were twenty-six hundred and thirty grains in the bottle. The registered Duroc Pig, given away by the Business Mens' Club, of Mt. Vernon, went to May Sowder, of Ottawa. She drew the lucky number, twenty-six. The only competitors among the graded schools were Langdon Memorial and Mt. Vernon. The first and second grades of Mt. Vernon won the five dollar prize. The fourth and fifth of Langdon Memorial won the five dollar prize. The five dollar prize for the fifth and sixth grades was also won by Langdon Memorial. The five dollar prize for the seventh and eighth grades was won by Mt. Vernon.

The competition between rural schools for first place was very interesting. Some very fine work

had been done in drilling for this contest. The first prize went to the Cove school, taught by Miss Winnie Falin. The second prize went to Flat Rock school, taught by Miss Tabitha Hlatt. Honorable mention should be made of the Pine Hill school, taught by Mrs. Mattie Mullins. This school made a very attractive appearance and showed careful preparation for the occasion. Mention should be made of the fine cooperative spirit shown by the Brodhead school. They contributed much to the success of the School Fair. A County School Fair is a big proposition. Each school that cooperates not only proves itself loyal and worthy of confidence, but proves that it has teachers who are worthy of our boys and girls; who have a right to share in every forward movement that Rockcastle presents. No county can have a good school fair that does not have efficient, cooperative teachers. The County School Fair will be held next year on the first Saturday in October.

PARAGRAPHS

Instead of disposing of the fifteen million hand grenades, which were ready for the American troops in Europe when the armistice was signed, the Savings Divisions of the United States Treasury Department conceived the idea of changing them into souvenir savings-banks to be distributed to the schoolchildren of the country. The object, of course, is to further the sale of Thrift and War Savings Stamps.

9,000 DISCIPLES TAKE COMMUNION IN HOUR.

Cincinnati, Oct. 19.—Nine thousand members of the organization participated in the annual communion service of the international Convention of Disciples of Christ which was observed here today.

The service was carried out without verbal order, simultaneously, in exactly one hour, and was followed by an offering for aged ministers.

Visiting preachers filled all pulpits of Cincinnati, Covington and Newport churches to-day.

A little nonsense now and then is relished by the best of men.—Holmes.

Elimination of typesetting, one of the costliest operations of

magazines production, by the use of plates made by photographing the original typewritten copy, has been accomplished in the October 18 issue of the Literary Digest, consisting of eighty pages. This radical innovation, which was brought about by the printers' strike in this city, leads the publishers to suggest that "it is possible in this age of marvels that the whole future of magazine production may be revolutionized by the elimination of typesetting."

The make-up of the magazine is in no way changed, the only differences being that the style of the type is that used on typewriters and is uniform in all the reading matter throughout the number. The right-hand side of each column is irregular as in ordinary typewritten copy. Each page is in effect a photographic copy of the original article as written on the typewriter.

BOTH PARTIES IN CHILDREN'S DRIVE

Plan to Build Farm Home for Kentucky Waifs Supported by Candidates

A BUSINESS PROPOSITION

There are a number of things on which the Republican and Democratic parties of Kentucky disagree, but there is one thing for which both are working during the turmoil just before election time.

It is for the campaign to raise \$300,000 to build the new "village of cottages" on a track of land ten miles from Louisville, in which to care for the destitute children of Kentucky. School children all over the state are contributing their savings for the new home.

"Anything that our own kiddies are for, is not to be overlooked by either party," declared one prominent candidate of the state as he closed a stump speech. "That is one reason why I am pushing for a drive, and that is why our opponents are doing the same. But that is not all the reason."

"The new Children's Home is a thing that is needed for our own public welfare. The present location is congested, and the surroundings are a detriment to the moral and physical welfare of our state. They deserve good care under good surroundings, out on a wholesome farm where they can work and play under favorable conditions and become good citizens."

Business With Charity.

"It is a business proposition to put them where the older children can work and learn scientific farming and dairying, and make the institution self-supporting, and, at the same time, develop them so that they can be adopted into homes where they can be useful to the family and to the community."

"And it is a business proposition to every citizen in every county. The Kentucky Children's Home Society takes the destitute children from this very county and cares for them, where otherwise they would be kept at the county poorhouse, where they would be an expense to the county, the first place, and a menace to us after they grow up as paupers. These are the conditions that have been the way conditions were twenty-five years ago before the Kentucky Children's Society was founded. There may be charity in a thing like this—and it is charity in the case of the school children who are giving their savings for the cause, but for you citizens, for myself, and for my political opponents, it is a pure case of duty and sound business."

KENTUCKY PRESS ASSOCIATION

AN APPEAL FROM THE FATHERLESS, MOTHER- LESS, HOMELESS.

The people of Kentucky, who have enough kindness in their hearts to be interested in the homeless orphan child, are being asked to give \$300,000 to build a home, on a farm outside of the City of Louisville, for our unfortunate orphan children. This new home will be on the "Cottage Home" plan. The children who will find a home here are those who have no claim on a fraternal home and cannot get in a church home. Every county in the state has had to send children to The Children's Home Society. The home in Louisville has been in a congested condition for some years. Many children die of contagious diseases, because they are not properly equipped to isolate them. The influenza epidemic left Kentucky with a big ger percent of orphan children than she had at any one time. Kentucky, as a Christian Commonwealth, must take care of

these. To do this, a better home must be provided. Rockcastle county is asked for \$300,000. Every one with a little of the "Milk of Human Kindness" in his heart will want to help in this noble work. Do for these orphans what you would like to have another do for your child should it ever become an orphan. Have to appeal to the parents of the child who is not an orphan.

Shoulders All Baking Cares

When CALUMET comes in, all baking troubles take quick leave. You go right ahead and mix up baking materials, for biscuits—cakes—anything without fear of uncertainty. Calumet makes you forget failure.

CALUMET BAKING POWDER

is the most popular because it does give most perfect results. It has the big, good demand because it is the most dependable. The fact that it is the best, best seller proves that it is the best. A trial will convince you that there is none "just as good." Buy again—if you are not satisfied take it back and get your money back.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

You are what you buy it. You are what you use it.

"Meet you after the movies"
—Ches. Field

NOTHING like following up a good show with a good smoke—Chesterfield.

No ordinary cigarette, this. Mellow as an old friend, but rich with flavor—the kind that goes right to the spot.

Our own buyers in the Orient select for us the choicest Turkish leaf. We blend with this several varieties of specially selected Domestic tobacco. This blending—by a secret method—brings out new qualities of flavor that other and less expert methods fail to find.

That's what we mean by "satisfy"—an entirely new kind of smoking enjoyment that you get in Chesterfields only—nowhere else; for the blend is a closely guarded secret. It can't be copied.

Let us help pay your fuel bills this winter.

We can do it by saving you 25 per cent of the coal which you usually use. On account of strikes coal will be scarce and prices high. Why not prepare to use as little as possible? Welch's can save your heating problems if you will only let him.

Our line of Morris Air-Tight Heaters and Coles' Hot Blast Heaters will save at least 25 per cent of your fuel. They are made to burn all of the coal. An ordinary stove does not burn the gas in coal. Coke, wood or slack can be burned with satisfaction.

LADIES LADIES

Do you know half your time is spent in fixing food. Each year you use your range in cooking over a thousand meals. Surely you should have the best equipment possible for your work. The GREAT MAJESTIC or FAVORITE RANGE will make your work easier and more pleasant. Baking will be a pleasure with one of these stoves.

Every day you use your old stove or range, you are paying for a new one but you are not getting it.

CAMELS are in a class by themselves—easily the
most refreshing, the most likable cigarette you
ever smoked. You can prove that! Simply compare
Camels puff-by-puff with any cigarette in the world at
any price! Put quality, flavor and cigarette satis-
faction to the utmost test!

Made to meet your taste, Camels never tire it, no matter how
liberally you smoke them! The expert blend of choice Turkish
and choice Domestic tobaccos makes Camels delightful—so full-
bodied, yet so fascinatingly smooth and mellow-mild. Every
time you light one you get new and keener enjoyment!

Freedom from any unpleasant cigarette after taste or any
unpleasant cigarette odor makes Camels as unusual as they are
enjoyable.

In fact, Camels appeal to the most fastidious smoker in so
many new ways you never will miss the absence of coupons,
premiums or gifts. You'll prefer Camel Quality!

PUBLIC SALE

OF ABOUT

60 HEAD

Good Duroc Jerseys

We, The Undersigned, will on

Saturday, Oct. 25th,

AT 1:30 p. m.

AT EAST END STOCK YARDS

offer to the highest and best bidder without reserve about
50 head of nice Duroc gilts, most of which were farrowed
in the Spring. And about 10 head of extra good boars,
two of which are yearlings and will weigh from 250 to
300 pounds. These hogs are of the famous Prince of
Colonel, Defender, Cherry Chief and Superba strains,
which means that no better blood can be had. And
some individuals will be offered in this sale that would
be a credit to any county.

**A rare chance to procure a good Duroc at
your own price**

A handsome Duroc will be given away at the conclusion
of the sale.
